Scottish Smoking Law

Now Implemented

A Smoking Ban is taking effect in all enclosed public places in England from 1st July 2007 as MPs voted in favour of a full ban. This would mean that following a smooth passage of the Health Bill through Parliament, it will be against the law to smoke in enclosed and substantially enclosed workplaces and public places and in certain vehicles.

Are you ready? This new legislation follows Scotland's lead which requires the display of No Smoking signs at the entrance of premises where smoking is not permitted. Our company has a wide range of No Smoking signs to help you meet these needs.

Smoke free legislation will mean that it is an offence not to display the appropriate No Smoking signs, resulting in fines of up to £1000. It will also be an offence for managers of smoke free premises to permit others to smoke within the premises, carrying a fine of up to £2500.

Ordering

To order a sign in aluminium, size 300 x 100mm use code:

1 7016 KD

Sign size coding is made up in most cases of 2 letters. The first letter indicates the length, the second the height. For example if the sign size is RG = 600mm length x 200mm height. Here is a complete list of letters with corresponding sizes

- D = 100mm
- G = 200mm
- H = 210mm
- K = 300mm
- M = 400mm
- R = 600mm
